

CLINIQUE RIVE GAUCHE

DERMATOLOGY CONSULTATION

Thorough examination of your skin to prevent skin problems and any anomalies followed by an accurate diagnosis and treatment plan for your skin condition.

From CHF 150

COOLSCULPTING® ZELTIQ

Non-invasive freezing therapy (-11°C) that aims to reduce up to 30% of your body fat. It reshapes your silhouette and helps diminishing unsightly curves and bulges. Visible results within three to six months after the treatment.

CHF 899 to CHF 1,299 per application (more than one application might be needed depending on the body part to be treated)

MESOTHERAPY

Mesotherapy employs injections of active ingredients such as vitamins, minerals or Platelet Rich Plasma (PRP) into the skin to rejuvenate and tighten as well as remove excess fat. Proprietary concept developed at Clinique Rive Gauche to anticipate and minimise visible signs of skin aging (cellulite, drainage, varicose veins) and to reinforce hair strength and growth.

CHF 600 / 60 mins

BOTOX®, HYALURONIC ACID & SKIN BOOSTER

Uses of fillers and Botox® help to prevent and reduce wrinkles around the eyes, mouth and other areas of your face and visibly smooths your skin.

Botox® from CHF 600

Hyaluronic Acid from CHF 700

Skin Booster from CHF 700

Appointments available on 4th, 18th and 31st August 2018.
