EVERY SUMMER HAS ITS OWN BELLEVUE STORIES

Dear Friends, Dear Guests, Dear Family,

As our world furthers with complexities, we invite you once again to escape to your beautiful Alpine haven, Le Grand Bellevue. Let us pamper and care for you as you indulge in the delights of the region and let us ensure your true well-being.

We continue to expand the hotel, with the exciting launch of our new **Padel** court and club ("Padel Club Gstaad"). With full panoramic and carbon structure, you will be delighted to play on the only court within hours of Gstaad! Maintaining our passion for racquet sports, we continue to be the official hotel of the Swiss Open, with many of the main activities happening in house, such as the press centre with all the players.

In our pursuit of sustainable practices with initiatives such as Sapo-Soap, 100% hydro power etc, we are pleased to announce that we are the only hotel in Switzerland who have attained the *Butterfly Mark* certificate, as well as qualifying to Level II of the *Swisstainable* program. This is merely a reflection of the many initiatives which we are putting into place daily.

Our team has passionately curated an array of exciting experiences and journeys that I invite you to pursue in the following pages. Needless to say, nothing is out of the question, and we are delighted to be here for you!
